Makes daily life easier

bobino®

spring/summer 2018
At Bobino we design products that solve everyday problems in the most simple & practical way possible.
For more than a decade we have been making personal accessories that can be used throughout your day; at home, at work or whilst commuting.

In 2018 we aim for finishing introducing all of our existing products in our new Warm Color collection – a process we started last Summer.
For this Spring Season, we offer you Key Clip 2 pack, Cord Wrap L and XL and we also renewed our Cord Wrap 3 pack M and L. Besides these we created a 3 pack for Cord Wrap S.

In addition, we introduce our new product PHONE STAND. Between all already available phone stands, we succeeded in designing a compact sized, foldable version you can always take with you. Perfect for easy browsing or video calling.

Thank you and we look forward working with you.
